## New tools to help you navigate a mortgage

Dec 30, 2015 By [Gemma Alexander](#)

Anyone who has bought a house knows the process involves stacks of mind-numbing paperwork. It's almost impossible to read everything, but as the Great Recession taught us, bad mortgages can have devastating consequences for both individuals and the entire economy. Thankfully, a batch of new federal mortgage disclosure laws protect home buyers and help prevent the economic consequences of bad mortgages.
